

QC Leader

Job description:

We are recruiting for a new position to join our quality control team.

This is a dual role which has responsibilities both in fruit quality inspection and leading the quality team.

Main duties of the role is the inspection of fresh produce to specific customer specification. Highlighting any deviations from specifications and providing the customer with accurate QC reports.

In addition to quality inspection duties, you will deputise for the QC manager on the following duties:

QC rota / RTW completion and managing work hours to work volume within the QC department.

Training is provided however previous people skills and fruit quality experience would be advantageous

The main duties of this important position within the business:

- *Produce QC inspections*
- *Compile QC reports*
- *Update our online QC system of changes in quality*
- *Communicate with both internal / external customers providing fruit quality updates*
- *Labour deployment to work*
- *Completing RTW*
- *Labour deployment to work*
- *Attending operational meetings*

You will need to be computer literate and understand both written / spoken English and possess good communication skills and be able to work on your own and as part of a team.

The role involves working in different temperature-controlled areas where all the appropriate PPE is provided to ensure you are comfortable and able to perform the QC duties.

This is not an auditing / desk-based role. The position is for someone who wants to start a career in quality control and develop into leading / managing people.

Key attributes required for this role:

- *Good working knowledge of Excel, PowerPoint, Word, and Outlook*
- *Organisational skills*
- *Good communication skills*
- *High level of interpersonal skills*

- *Attention to detail*
- *Previous experience in production / manufacturing environment advantageous*

Due to our location own transport is essential.

Previous applicants need not apply.
